What did we do at school in Manresa?

When we first came to school in Manresa, they divided us into groups and gave us the opportunity to socialize with people from other countries. They made us play games and it was really fun.

We also prepared a presentation together with our groups.

We played a game like chair snatching, but no one was eliminated, only the number of chairs decreased as the round went on, making it difficult to stay in the chairs.

We played a game called "Simon says".

What did we do at school in Manresa?

On our second day at school, we were divided into groups as on the first day. We started to prepare presentations together with the groups. Which country are we going to, How can we go somewhere? Where can we visit there? and things like that. All groups chose a topic and presented it. We also made a presentation in Spain with our groups. Some photos of what we've done.

Montserrat (mountain)

Small mountainous mass in Montserrat, Catalonia, near Barcelona. We went to a church that was here.

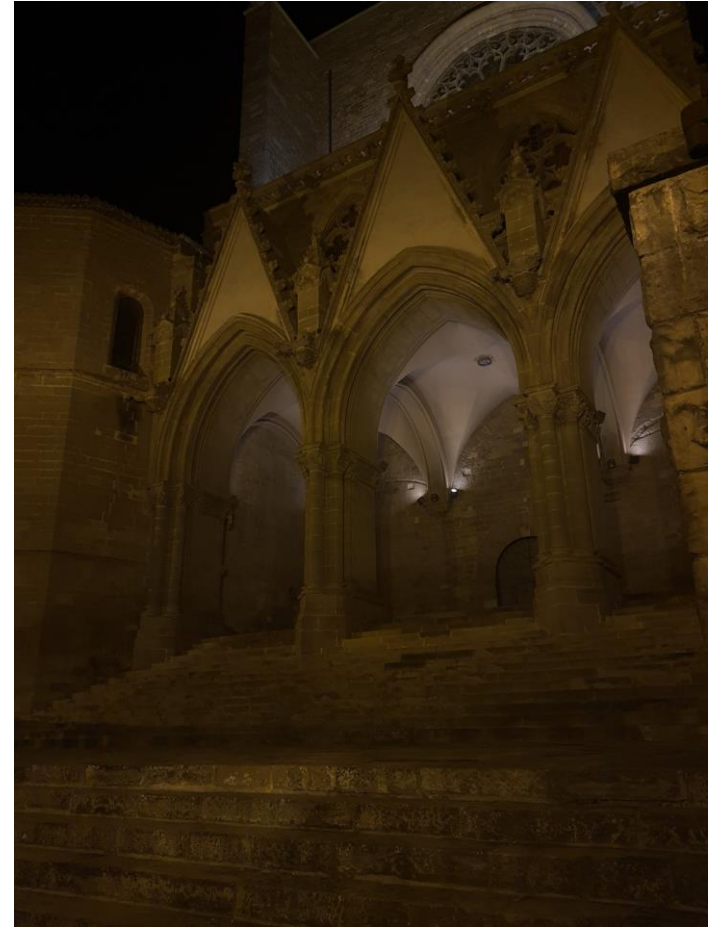

Montserrat (mountain) (Photos)

Santa Maria, Manresa

This church is very near to the hotel that we stayed

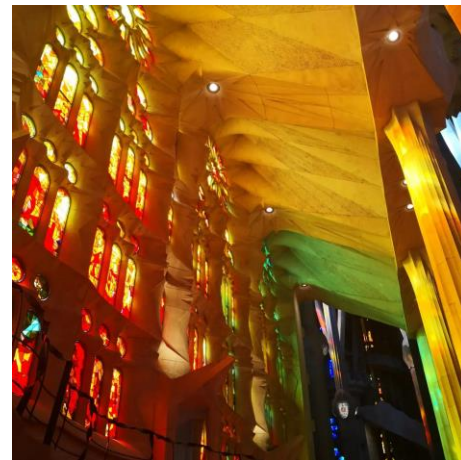

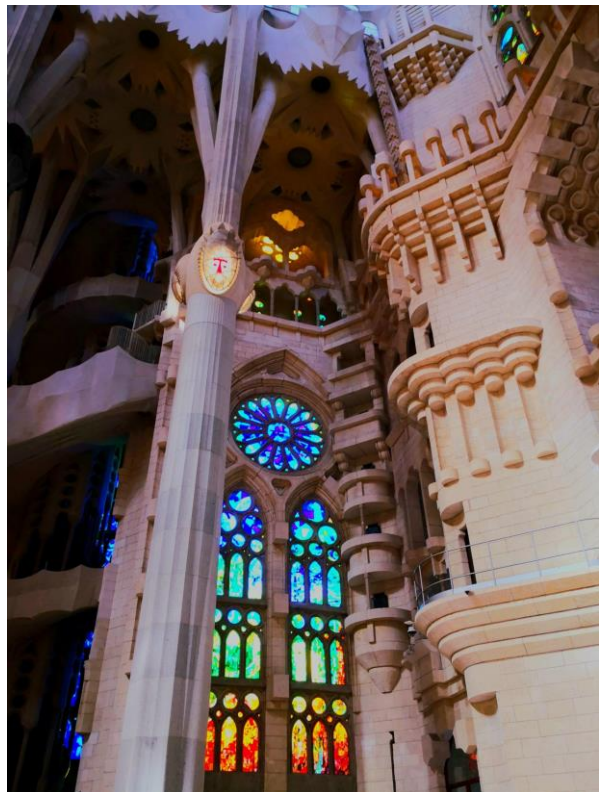

Sagrada Familia

We visited the Sagrada Familia when we stayed in Barcelona. It has a wonderful architectural structure. Its construction still continues.

Sagrada Familia

Here are some of the photos we took during the project.
